SGH Concepts provides a full range of services for your daylighting products.

Inspection:

Periodic inspections of your existing daylighting systems.

Reporting:

Reports that includes information on the condition of your existing systems and our recommendations based on our findings per the specifications of the manufacturer.

Weather Impact Reports:

If weather-related damage to your existing system requires you to pursue an insurance claim, SGH Concepts will provide you with the forensic weather information necessary to justify the claim.

Maintenance, Repair, or Replacement:

Depending on the condition(s) of your Kalwall system, SGH Concepts will assist you in determining the right solution for your daylighting system.

When an owner purchases Kalwall for their daylighting solution, that investment includes a lifelong partnership with SGH Concepts. Not only do we sell and install the product, but we will also be there to do periodic inspections, maintenance as needed, repairs if necessary and replacement if required. Should there be a severe weather event, we can be there to ensure your Kalwall system is not impacted and will continue to perform without issue.
